BEND CHAPTER NEWSLETTER

JUNE 2016

NEXT CHAPTER MEETING

****NEW LOCATION****

Wed. July 13th, 2016

Kelly D's 7:00 PM

1012 SE Cleveland, Bend

Come at 6:00 to socialize and have dinner before the mtg.

Our speaker this month was **Bryan Murphy of Children of Circumstance Outdoors (COCO)**. **Bryan Murphy and Tyler Saunders** are the founders of COCO, a charity that grants hunting wishes to kids that are battling life threatening illnesses. The goal is to take five kids in Oregon through the ODFW program that allows each nonprofit to attain up to 5 tags that allow very ill kids to hunt long seasons. They also want to expand the program to include children of fallen 1st responders. This includes fireman, police and servicemen and women that gave the ultimate sacrifice to our country. The goal— to take kids and their guardians into the outdoors where they can forget about their daily struggles. They take them shooting and educate them, often including fishing and nature lessons to enhance the experience. All the expenses

are covered by COCO, they have local supporters that donate money, products and supplies. COCO is looking for children wanting the experience of a lifetime— hunting and the joys of the outdoors.

If you'd like to donate or know of a kid or young adult that is fighting a life threatening illness or disease, or children that have lost a parent in the line of duty, ***please*** contact **Bryan Murphy (541) 815-2505** or **Tyler Saunders (541) 280-3044**

5/25/16

Dear Oregon Hunters Association,

It is an honor to be chosen for the OHA performance scholarship. I haven't been interested in furthering my education until attending the Oregon Youth Challenge. My eyes have been opened to the endless opportunities presented in life as long as you apply yourself. The months leading up to attending the challenge my main goal was to skate through with minimum effort just to secure a job that would pay the bills, my perspectives have changed and I want my future to be more than mediocre. The OHA has made this possible, by furthering my education I will be able to work as a metal fabricator. Fabricating is something that will be around for the rest of my life, making a name for myself in the welding industry will allow me to be very successful in life. Schooling has always been something I took for granted and I wish I would have devoted more time in my prior years to bettering my education. With your support I will be a successful part of society, my parents will no longer look at me as a mess to society who is going nowhere with his life. I am very appreciative of the OHA, I hope to use this scholarship in a way that allows me in the future to give back to a young adult in my position looking to make something of their life. This scholarship is not only helping me pay for my schooling it is helping me stay on the right path. Living a full life of disrespect towards others and substance abuse isn't the future I see for myself after the 6 months I have spent here. After graduating from the program I will be attending Mt. hood community college where I will be working hard to earn my bachelor's degree in engineering, the performance scholarship OHA is providing me with will be used to pay for my classes. I see the importance of bettering my education now more than ever, with my future waiting just ahead of me I refuse to be just another burger flipper. I have never been more committed to making something of my future than I am before, I am so grateful for your aid in my success. I will forever be grateful for the opportunity you are providing me with.

Sincerely,
Dylan Margheim

Dear Mr. Doug Stout,

Thank you very much for your contribution to help out kids pursuing their dreams on getting a better education! I am honored to have received this four hundred dollar award that's going toward my individual education. After graduating the program I plan to attend Portland Community College (PCC) to get my associate's degree in psychology and then transfer to Portland State University (PSU) to get my Doctorate's degree there. I will use this money to help me pay for tuition the first year at PCC.

I cannot thank you enough for this generous donation that I have the privilege of receiving. I will always remember the first association that has given me the aid to chase my dreams.

Sincerely,

Israel Aparicio Villanueva
