**A BIG THANK YOU to Trooper Tayler Jerome and Trooper Ben Turner for coming and talking with us as well as answering questions.** Trooper Jerome said that Washington County is going to get another dedicated Fish & Wildlife Trooper for Washington County. The person has not yet been announced however he said that we'll be in good hands. Trooper Jerome puts together slideshows for us showing many of the cases that they've worked and the outcome so we can directly show how our tips or donations have helped. They stated that since the new law that awards preference points and or cash incentives that TIPS have increased. In 2017 they handed out \$29, 485 in fines and in 2018 that number went up to \$79, 728 in fines.

One thing that most people may not realize is that when you are charged with a hunting violation, not only will you lose all of your preference points, you face losing your firearm, fines, probation and community service as well. Thanks for the great presentation, as usual it's very informative and we learn new things each presentation.

One thing I will note is that Trooper Jerome always gives credit to organizations that donate equipment or funds and points out where it was used or how it helped them out. To donate specifically to our OSP Fish & Wildlife Troopers contact Trooper Jerome and he can talk to you about your options. Here are some ways to contact our local Fish & Wildlife Troopers:

Name	Phone	Email
Trooper Tayler Jerome	503-707-2728	tjerome@osp.oregon.gov
Trooper Rod Thomas	503-474-7328	rthomas@osp.oregon.gov
Sr Trooper Chris Boeholt	971-313-1172	cboeholt@osp.oregon.gov

Trooper Jerome brought in new decoy into the meeting and it looks like it's alive—great job to Josh Bryan Taxidermy.

## Rec fund committee, elk salvage rules set

By Jim Akenson, OHA Sr. Conservation Director  
[Jim@oregonhunters.org](mailto:Jim@oregonhunters.org)

The Oregon Fish and Wildlife Commission at its Oct. 11 meeting in Ontario established rules on two topics of interest to Oregon's hunters:

- Establishing Conservation/Recreation Advisory Committee to advise spending of the new Oregon Recreation Fund;
- Rules for the use of elk meat when kill permits are authorized to help landowners with property and crop damage.

### Recreation-Conservation Committee:

In the 2019 session of the Oregon Legislature, HB 2829 was passed to create an alternative funding source for fish, wildlife and outdoor recreation. A task force created in 2015 proposed the funding alternatives recommended to the Commission. This committee will have nine members from across the state. OHA gave testimony encouraging representation from the hunting community. OHA is pulling together partners from other hunting organizations, through a sign-on letter, to support our call for representation.

### Elk Meat Disposition:

The Commission also voted to adjust rules related to how elk meat is distributed after kill permits have been used for damage control. The new rule is intended to lessen the burden on landowners in processing the elk carcasses, and it gives the landowner, or landowner agents, the opportunity to retain an elk carcass. The first priority of meat use would be delivery to food banks or other charitable organizations. OHA testified that public hunting should always be the preferred method of damage abatement, but making sure that the meat is utilized should always be the top concern.

*How you store your guns for safe keeping and self-defense may no longer be your decision.*

## Gun storage IP receives ballot title

By Al Elkins, OHA Lobbyist  
[Alvlnelkins@yahoo.com](mailto:Alvlnelkins@yahoo.com)

The Oregon Elections Division on Oct. 10 received a draft ballot title from the office of the Oregon Attorney General for the gun storage Initiative Petition 2020-40 for the November 2020 election.

The draft ballot title reads: "Requires firearms be locked during storage/transfer, loss reported, minor's use supervised; imposes penalties/liabilities."

Comments on the draft ballot title were due by Oct. 24. OHA worked with gun rights advocacy groups in submitting comments.

### The new ballot measure states:

A person who owns or possesses a firearm shall, at all times that the firearm is not carried by or under the control of the person or an authorized person, secure the firearm:

- With an engaged trigger or cable lock...
- In a locked container, equipped with a tamper-resistant lock...

The measure also addresses guns being used while hunting by stating that this measure does not apply if the unsecured firearm was obtained for the purpose

of hunting, trapping or target shooting, during the time in which the person is engaged in activities related to hunting, trapping or target shooting.

You can find a copy of the ballot measure here: <http://oregonvotes.org/irr/2020/040textpdf>

This ballot measure is basically the same as Ballot Measure 44 from 2018. OHA and our allies were successful in the Oregon Supreme Court in stopping that before it got to voters. It is also similar to parts of SB 928 that was defeated in the 2019 Legislative Session. The gun owner would be responsible and liable for a stolen gun even if it is locked up. Like earlier attempts, there is no reference at all for stiffer penalties for those who actually steal guns.

"Ban Home Defense" should be the title of this ballot measure, because it requires that your self-defense firearms be locked away. OHA will be working with gun rights advocacy groups to help defeat this ballot measure. Stay tuned; the fight has just begun (again). If this measure gathers enough signatures, it would appear on the November 2020 ballot.
