With things opening back up and the herd immunity climbing, people are starting to get out and do things again.

This is Jenn Hays fishing in Montana.

**Guest Speaker — Troy Schaffner with ODFW.** At the beginning of the year Troy has become a Controlled Hunt Specialist. He went over Land Owner Preference (LOP) and said the program is under review by the legislature at this time. He went over controlled hunts and the process. You need to apply for controller hunts by May 15th of each year. The pool for hunts— 75% of the pool is preference points based, then 25% is open for the remaining applicants.

Party applications—it is an average of the preference points of each person in the party. Troy says friends do not let friends add a non-resident to the party application. Most people do not realize that when you add a Non-resident to your party that the whole party is now only eligible for the non-resident pool for draw.

Troy stated that this year there were almost 19,000 more applicants for controlled hunts than the previous year. Some of that can be attributed to the change in Elk archery hunts East of the Cascades to draw hunts for 13 units. However that does not account for the nearly 4000 more applicants for Spring Bear tags. He mentioned that several units are going to draw units this year as well for deer. Thank you Troy!

**The service for Kenneth R. Fonnesbeck (July 27, 1936—April 19, 2020) is going to be held July 24, 2021** at the First Christian Church in Forest Grove. Ken was an active member and held several positions in OHA and specifically with the Tualatin Valley Chapter. Ken always stepped up and volunteered his time and resources to causes he supported. Ken, his smile and humor have been missed.
