Presidents Message

Folks, winter is not over. It was 4 degrees in Pendleton as I am writing this message. I checked the ODFW drawing results for spring bear hunting and I will be paying \$4 a gallon to go bear hunting in May.

Please stay tuned to Ballot Measure 13, proposed by a group from The Valley. This Measure, if it makes it to the November elections, would criminalize the following activities: Rodeo & exhibitions, commercial grown poultry, transportation of livestock, good animal husbandry practices i.e. FFA and slaughter of livestock. The bill would also prevent lawful hunting, fishing and trapping, wildlife management practices and it would prevent lawful scientific or agricultural research and education involving animals. The control of pests and vermin would be eliminated as well as reasonable handling techniques. Stay tuned for more information. I am working with various groups for a meeting here in Pendleton to spread the word concerning this measure. Take Care, Dean
