

# GREEN ON THE GROUND

Contributing \$100,000 to the ODFW/RMEF Minam Wildlife Area property purchase.

Investing in safe highway crossings to keep Oregon's wildlife alive

Providing nesting structures that benefit waterfowl

Removing juniper and other conifers encroaching on wildlife habitat

Cleaning up trash dumped in our woods, and helping to keep private timberland open to public access

Mentoring with the Learn to Hunt Program

Fencing to protect riparian areas, meadows and new aspen stands

Paying TIP rewards and passing laws for tougher poaching penalties.

Providing water sources for wildlife

Enhancing winter range

# Youth is Served by OHA

OHA helps recruit and train the next generation of Oregon hunters through our youth field days, hunting clinics, support for Hunter Education programs, and our award-winning junior newsletter *Yearlings*.

OHA publishes an award-winning junior newsletter, *Yearlings*.

OHA holds clinics and field days to teach kids outdoor skills.

OHA sponsors youth shooting teams and events.

OHA buys birds and crates, and helps out at youth bird hunts.

## OHA defends your hunting rights

After successfully helping to renew the sunset on a law allowing ODFW to hire citizen houndsmen as agents to remove cougars and helping to reform and protect the integrity of the state's Landowner Preference tag program, OHA led the successful efforts to de-list wolves in Oregon and review the state's wolf and cougar management plans.

OHA's board and staff have led efforts to de-list wolves in Oregon, improve predator management plans, defeat gun control legislation, protect key Oregon elk habitat from development, and defend public hunting access in places such as the Owyhee Canyon, Elliott State Forest and central Oregon wilderness areas.
