Welcome to our newest TV Chapter Members

Brett Adamson, Oliver Autry, Coreene Balanger, Kolte Breck, Hanna Britton, Richard Caldwell, Andrew Campbell, Dan Clark, Weston Crume, Glynn Davis & Family, Joe Duncan, Ethan Gallant, Joe Greenwood, Jordan Hamilton, Spencer Hardman, K.C. King, Robert A King, Morgan Moser, Brian Moyer, Frank Polito, Green Source Landscaping LLC, Brent Vanko, Dan Welle and Ronald York.

*****THANK YOU*****

We wish to thank everyone that participated in our annual fundraising banquet. OHA absolutely cannot exist without our members, sponsors, donors and volunteers. There are a lot of moving parts to planning and executing a fundraiser and we are thankful that we have the best people around to help us out. You are what makes the difference and we thank you and appreciate all that you do, not only for our chapter but for the whole organization!

OHA contributed more than \$118,500 to the fencing that will funnel migrating wildlife safely under Highway 97 at Gilchrist, and OHA is actively working to secure additional funding for more wildlife crossings in Oregon, which lags far behind other states in safe crossing projects.

Wildlife crossing funds make it safely through '22 legislative session

By Amy Patrick & Al Elkins, OHA Lobbyists
Amy@oregonhunters.org

The short 2022 Oregon Legislative Session closed with several good bills receiving funding, while others didn't make it to the finish line. Here's a brief recap of the bills OHA engaged:

- HB 4130 requested \$5 million to fund wildlife crossings projects. The bill itself did not make it through the entire committee process, but the appropriated funding, at an increased amount of \$7 million, was included in the end of session bill.
- SB 1546 established the Elliott State Research Forest and passed with amendments. While the Elliott has been a contentious issue for years, OHA continues to advocate for access, a recreational focus, and a managed forest to benefit local economies and provide wildlife habitat.
- HB 4080 was a continuation of predator control districts in Oregon. It was supported by OHA and other natural resource groups, but it died in committee.
- HB 4127 would have provided additional funding to the state wolf depredation and mitigation fund. OHA offered testimony in support of both the bill and wolf management in Oregon, but it also died in committee.

OTC urged to fund crossings

By Tyler Dungannon, Conservation Coordinator
TD@oregonhunters.org

Via the Infrastructure, Investments, and Jobs Act, the Oregon Transportation Commission (OTC) has \$412 million in flexible funds at its disposal that can be used where needed. OHA has testified on multiple occasions, along with many partners, urging the OTC to use \$10 million of these funds toward implementation of wildlife crossings to reduce vehicle collisions with deer and elk on Oregon's highways.

Representative Ken Helm and 45 state legislators recently signed on to a letter echoing OHA's request. This issue is not partisan, and many Republicans and Democrats signed on to this letter, because it's important to all Oregonians that we mitigate highway impacts with respect to wildlife.

It remains unclear if the OTC will prioritize wildlife crossing projects in its use of IJA funds, despite a compelling letter from roughly half of the Oregon State Legislature.

Consistent with the Oregon Department of Transportation's mission, wildlife crossings would increase the safety and

reliability of our transportation system, reduce property damage and other costs, and assist wildlife conservation efforts.

Among west coast states, Oregon has been identified as having the highest risk of wildlife-vehicle collisions. The state recorded more than 30,000 wildlife-vehicle collisions between 2017-2021, and with many collisions unreported, the actual number is estimated to be more than twice as large. Wildlife crossings are a proven solution that can reduce these collisions by 80 percent or more, as seen at Oregon's Lava Butte underpass. With only five wildlife crossings, Oregon significantly trails other western states (Colorado has 69, Utah has 50, and California has 50).

OHA spearheaded an effort by the Oregon Action Team on Ungulate Migration to prioritize wildlife crossing projects throughout the state, and these project areas have been informed by data on deer and elk collision hot spots. This recent report is housed on OHA's website, and it identifies \$22-\$35 million in immediate project needs. View it at: <https://oregonhunters.org/documents>

It remains unclear if the OTC will prioritize wildlife crossing projects in its use of funds.

IP13 reloads for 2024 ballot push

Proponents of IP13, which would criminalize hunting, fishing, trapping and many forms of agriculture in Oregon, are now focusing on the 2024 ballot. They have refiled with the Secretary of State for the 2024 cycle as IP3 and now begin the process of placing their extreme initiative on the ballot all over again.

First, they will need to collect the initial 1,000 signatures needed to qualify for a draft ballot title/summary. At that time there will be a comment period,

which OHA engaged in with IP13 to get the language strengthened and more accurate. After that process, and a potential appeal process, they will be approved to collect the 112,020 signatures needed to place it on the 2024 ballot.

The new language for IP3 is, interestingly enough, even more far reaching than IP13. IP3 keeps everything from IP13 and also adds changes in additional sections within the animal abuse statutes. —*AMY PATRICK*

Learn to Hunt program available for chapters

OHA's Learn to Hunt program (LTH) was rolled out to chapters in early February and focuses on online courses and resources, as well as in-person classes, clinics, and events. A second rollout meeting is scheduled for April 25 via Zoom platform.

Members can contact the LTH team at learntohunt@oregonhunters.org for more information. Participating chapters will receive a quarterly contact list of new LTH participants and can provide information for a monthly email sent to all LTH students. —*AMY PATRICK*
